 - cooperation
 - teamwork
 - project management
 - creating and working toward a common goal
 - good stewardship
- and more!

Through a variety of enlightening activities and games, students discover their own leadership potential and develop skills that guide them to behave in a way that makes a difference in them and the world around them.

Learning Leadership skills at a young age is a great way to put your child on the path to success and happiness. Kids have the makings of being great leaders; they just need the training and practice to develop it.

During this hands-on program, students learn the key elements of successful leadership and learn how to be the kind of leader that others want to follow!

A parent volunteer for this class is needed. Your child will receive a 50% discount on tuition.

To register:
